Fans From Dixon College Will Accompany Eleven to the Windy City.

Tomorrow, Thanksgiving day, in the afternoon, after the huge portions of lark, potatoes, cranberry sauce, mince and pumpkin pie that every patriotic American is supposed to consume on that day of nationwide feasting, has settled a little, most of the people in town who are lovers of sport, of good clean, snappy feats of skill showing the hardihood, the coolness and the courage of the American boy, most of these people, and there are lots and lots of them, will fall into the spirit of the day and be on hand at Athletic park in this city at 3:30 o'clock to witness the football game between the Dixon Union high school team, which is a combine of the teams of the two high schools in Dixon, and Morrison.

Tomorrow's game will no doubt be the last of the season and promises to be a good one. The local boys played Morrison once before this season and the game was a tie and went nip and tuck until the last three minutes of play, when Dixon made a touchdown.

The lineup for Dixon will be as follows:

Crabtree, le, Seekman, lt, Crawford, lg, M. Smith, c, Schroek, rg, Espy, rt, Tourtellott, re, Rynearson, qb, Ackert, lhb, Underwood, fb, Henry Smith, Capt., rbb.

A Song of Thanksgiving

BY J. A. EDGERTON

SO much have we for gratitude, So much for happiness, So much of bounty has accrued Our land to bless, That words seem trite and empty things And poor are all our arts, To tell the song of thanks that sings Within our hearts.

OUR fathers' God, whose loving hand Has led us all the way From bondage to this promised land We hold today, Vouchsafe to us that mercy still We knew in travails gone, Inspire us yet to know Thy will And follow on.

NOT only for the heaped store That comes to bless our toil, For cities, topping those of yore, That dot our soil, We praise Thee; but, all these above, That inward strife is done, And for the touch of nation-love That makes us one.

FOR Science and her magic spells, Transcending all romance, For Progress and the miracles Of her advance We thank Thee, and for deeper springs Of faith that conquers fate, That will accomplish greater things In years that wait.

TO speed Thy kingdom may we press Forever in the van To lead the world in kindness Of man to man; And grant our mission yet may be To bring the day to birth That sees the reign of Liberty In all the earth.

JILTED MAN KILLS SELF

Robert F. Baer Is Found Dead

Broken Engagement Given as Cause
for Rash Act—Was Nephew of
President of Reading Road.

Louisville, Ky., Nov. 23.—Lying in a pool of blood, the body of Robert F. Baer, of Cincinnati, a nephew of President Baer of the Reading railroad, was found in the Gault House of this city. By his side was a revolver which he had used to commit suicide. A broken engagement by Miss Nellie Hegewald, a daughter of a prominent manufacturer of this city, was given as the cause by the father of the dead man when he reached Louisville.

Young Baer seemed in the best of spirits when he went to his room. For several months he was with the Falls City Tanning company, and it was then, it is said, that he became engaged to Miss Hegewald. Later his business carried him to another section of the country and in his absence his fiancée decided that she no longer cared for him. When he reached Louisville the engagement was broken. Baer was 28 years old.

GAS, HEARTBURN AND DYSPEPSIA VANISH

MAKES YOUR OUT OF ORDER
STOMACH FEEL FINE IN
FIVE MINUTES.

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapiesin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas which causes belching, dizziness, a feeling of fullness after eating, nausea, indigestion (like a lump of lead in stomach), biliousness, heartburn, water brash, pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50 cent case of Pape's Diapiesin from your druggist and start taking now and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery and every particle of impurity or gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

This is the third time Vogel has been arrested for such an offense, says the Savanna Journal, the fines in the other instances being \$200 respectively. In Mt. He did not say anything about it for a few days, not until he began to suspect that he was holding the bag. Then he found that everyone else was holding a bag of like design.

BOY IS NABBED FOR

USING RAILROAD SPEEDER

Deciding not to wait for a train, Fred Haas, of Savanna, appropriated a railroad speeder at Hanover on Saturday and rode from that station to his home city, where an officer was waiting to nab him. Finding him one of his own town men the officer let the lad go with a lecture, as it was seen that the boy was not prompted by a criminal impulse in the act.

THANKSGIVING.

Sweet peace, with folded wings, broods o'er the land. While harvest fields yield up their bounteous store, And work awaits each honest toiler's hand. To bring contentment to his humble door. The barns are stacked with wealth of precious gold, To feed the nation through the coming year. From granaries the needful seed is sold.

While loud the song of industry we hear. But who has blest the fruitful crops so dear, And kept the people from the dread of war? What hand has guided us like mighty star, To smooth the frown of toil and bitter tear?

'Tis God, the great and mighty giver good; Thanksgiving loud to him forever be. He lifts our head to give us strengthening food, And spreads our wealth and goods from sea to sea. —Rixford J. Lincoln.

"BLACK MEATY."

(The Tale of a Turkey, by Itself). I was born on a farm. Not on a roset table nor on a battleship nor on a cake of ice, but on a farm. Turkeys have a habit of being on a farm, and I was just like other turkeys.

When I first knew I was alive I thought I wasn't. They had me in a cramped, dark, rounded chamber with smooth, white walls. I guessed they were white. There was no room to scratch. So I pushed against all sides of it and broke out. They say this was an egg. After I was out I had no desire to go back again. Some people feel this way about jail.

At first existence was joyous to me. I ran round on my little blue legs picking up worms and bread crumbs and seeds and pieces of gravel and experience. And at night I huddled up with the other turkeys against the warm bosom of the steam heat. Mother never chided us. She was an incubator.

But as I began to get better acquainted with the world I learned to know some of its disadvantages. Enemies were many—rats, owls, wet weather, fussy chickens who fight you for your food, and puppy dogs. But as I grew I soon taught the chickens their place, and ran away from all the other things but wet weather. We young turkeys had only one friend, a human being. The human being had copious whiskers, indicating that he was to be trusted. He always saw to it that I had eats enough, and nursed me through my first attack of pip. I brought one sorrow into his life—he worried greatly that the food I ate seemed to go mostly to bone and feathers.

Little happened except that I grew. After a while I grew faster and fatter than many of my brethren, which caused me to give them the giggle. And I grew beautiful. Because of my brilliant stove polish feathers they called me "Black Meaty." The young human beings used to pet me, at a distance. Arriving at gobblehood I had heavy purple wattles on my head and a wiry plume growing out of my breast. Neighbors of the human being came to look at me. I suppose he thought they wanted to steal me, for he isolated me in a small coop. But I was given even more to eat and waxed corpulent through lack of exercise. But who wants to exercise when one can eat?

But, ah, I began to see a light. Other turkeys were treated like I was, and these, headless and denuded of their glad plumage, passed out of the barnyard by the wagon-load. Dead turkeys DO tell tales. My faith in the whiskered human being shattered. I decided that starvation in the woods was preferable to such a fate. I tried to flee. Alas, when I tried to, one fatal morning at dawn, the human being headed me off with an ax.

Here is Thanksgiving day and my finish. Bury me under your belt. Let the clouds of stuffing fall duly on my corpse. See that my grave is trimmed in cranberry jelly and add a stalk of celery to mark the last resting place of your unfortunate friend "Black Meaty."

Thankofferings.

How shall he thank Him? In praise and prayer, On bended knee at the altar, where In crimson leaf and in sheaf of gold The seed time and harvest tale is told? At the laden table where tried and true Love and friendship their joys renew?

The loaf we share and the sheltering roof Of our grateful spirit may be the proof; The willing service, the ungrudged wage, The peace of our home's blest anchorage, The cheering signal of hope we lift To souls on the sea of doubt adrift, The songs we set on the lips of pain, The sacrifice for another's gain, Than the voice of prayer or of praise not less May sometimes be to our thankfulness.

THANKSGIVING DAY DINNER.

There is no prettier centerpiece for the Thanksgiving table than a mixture of scarlet Virginia creeper and brown acorns or chestnut burrs, unless it be branches of red barberry bushes full of berries, mixed with brown leaves and vines. Where bittersweet can be obtained this alone makes a most effective and brilliant table, but unluckily this is not within reach of every housekeeper. In its place red ash berries could be used, nowever, with any foliage to be had.

Nowadays, the dinner is far shorter than it once was. The time when one must have turkey and ducks, chicken pie and ham, with pies and puddings and as many vegetables as could be crowded on the table has passed away forever. One heavy course of poultry, with three vegetables, makes the substantial part of the meal, and soup, salad and dessert round out the whole. This menu will be found practical and to it may be added anything desired, such as chicken pie after the turkey course, or fish after the soup.

Grape Fruit. Clear Soup. Roast Turkey, Cranberry Sauce Mashed Sweet Potatoes Cauliflower Baked Onions. Celery Salad Olives Salted Nuts Mince Pie Pumpkin Pie Cheese

Ice Cream Coffee A delightful stuffing for roast turkey is made in this way: One cup of soft bread crumbs, put in a frying pan with a tablespoonful of butter, a slice of onion, minced fine, salt and pepper, a cup of finely chopped celery and a cup of chopped hickory nuts. Cook all together till the celery is entirely done, and stir constantly; add more butter if required. Stuff the turkey, leaving room for the crumbs to swell, and roast upside down in a wire frame such as may be bought at a hardware shop, or support the bird by putting cups or small tin moulds in the corners of the roasting pan. This makes the breast deliciously tender, and the juices used in basting do not run off as they do when poured over the bird which lies flat upon the spit.

Cranberry sauce may be made a day in advance of the dinner. Pick over the berries and put them to cook in barley water enough to lift them off the bottom of the kettle; let them simmer till they break and become soft, and then press through the colander and measure; put them on the fire again, and when they boil up well put in exactly as much sugar as you had fruit, boil up well for a moment and take them from the fire; pour into one or more molds and set away to harden; this will give a clear, beautiful marmalade which will not run all over the plate when served, or require a small dish at each cover. Boil the sweet potatoes, peel and mash them, adding a good-sized lump of butter, half a cup of rich cream and salt and pepper; beat very light, heap in a dish and just brown in the oven.

The cauliflower is to be cooked a day in advance, then picked off the stem, wet with rich white sauce, seasoned well and browned in a baking dish in the oven, with crumbs and butter on top.

The onions are also to be cooked twenty-four hours before they are needed, drained and arranged in a deep dish, a half-hour before the dinner, pour over them a cup of milk and dot with salt, pepper and a teaspoonful of chopped parsley and bake twenty minutes in a hot oven under a plate; remove the plate, add more butter and brown for five minutes.

For the salad, split celery stalks down into even strips and cut these across till they are two inches long; mix with three hard-boiled eggs cut into quarters, sprinkle with salt and set on ice till needed; make French dressing as usual, with three tablespoonfuls of oil, half of one of vinegar, salt and a dash of red pepper. At the last moment pour this over and toss well. Serve in a deep bowl with more egg quarters all around the edge.

In making the pumpkin pies use cream instead of milk in the rule you prefer, and double the number of egg yolks; this is perfectly safe, as no recipes are really rich enough to be satisfactory. Add cinnamon and a bit of ginger or cloves; bake the crust first, add the mixture, bake again, and in serving put large spoonfuls of whipped cream all around the edge of the pie. This makes a really delightful dish.

The ice cream should be merely some good, rich, plain cream; serve in glasses, and, if you choose, put on top of each some small cubes of preserved ginger, such as come in little pots, with a spoonful of juice on each.

In adding to this dinner, the chicken pie suggested is better made in small dishes than in one large pie. The little brown baking dishes with handles which may be bought anywhere now, even at a ten-cent store, are just the thing to use. Do not put crust in them, but fill with the cooked chicken, a trifle of gravy, and a few oysters, put on a very light crust and bake till brown.

Declined Without Thanksgiving.

Mrs. Rurale—Ah, you'd like some turkey, eh? Well, did you notice that saw by the woodpile?

Hungry Higgins—Oh! If its the species of bird you have to dissect with a saw, tra-la-la, madam.

Things never evenly fall.

Amongst men, though we're brothers, Thanksgiving was designed for all.

But some have more than others.

CHARMING HAIR

EVERY WOMAN CAN HAVE IT BY USING PARISIAN SAGE GUARANTEED BY ROWLAND BROS.

There is a reason for the phenomenal sale of Parisian Sage in the United States since it was first introduced into America, and the sales this year are breaking all records.

And the reason is plain to all Parisian Sage does just what it is advertised to do.

Ask Rowland Bros. about it and they will tell you that they rigidly guarantee it to cure dandruff, stop falling hair or itching scalp in two weeks, or money back.

There is no reason whatever why any man or woman should fail to take advantage of the above generous offer.

But one thing that has made Parisian Sage so famous is its peculiar power to turn the harsh, unattractive hair that many women possess into luxuriant and radiant hair in a short time. Women of refinement the country over are using it and it never disappoints.

Sold by leading druggists everywhere and in Dixon by Rowland Bros. for 50 cents a large bottle. The girl with Auburn hair is on every package; mail orders filled, charges prepaid by the American makers, Giroux Mfg. Co., Buffalo, N. Y.

UNCLE SAM, BANKER.

During the next few weeks Uncle Sam will open fifty new banks in fifty cities to receive the savings of his people.

The youngster of ten may open an account by buying a ten-cent postal savings card. When he has one dollar to his credit he will get a certificate of deposit.

The married woman may have an account of her own, the law providing that such an account "shall be free from any control or interference by her husband."

No one may deposit more than \$100 in any calendar month, while the total balance is limited to \$500. Except for these limitations, it is feared that the postal banks would have depleted the private savings banks.

Depositors will receive two per cent annual interest, and Uncle Sam expects to use the money for enough more to pay all expenses of the enterprise.

SHOULD REST THE LAND.

Corn having dropped to a price where the farmer can see his profit slipping away, the advocate of crop rotation ought to get a hearing. He now has the best possible argument with which to present his case.

The lure of high prices has influenced many farmers to overlook their duty to the soil and there has been in the few years last past, too little alteration of crops. Propagation has been to get in a big acreage of corn, with the result that numerous fields are showing the effect of excessive corn cultivation.

With the prospect of lower prices, it will be well for farmers to make plans to put some of their corn land in clover next year. It is a great rejuvenator, and a few years of grass will be of immense value to the tired soil.

LEGISLATIVE BUREAU FOR VOTERS' LEAGUE

The legislative voters' league is planning to resume activity at Springfield during the next session of the legislature. A bureau of publicity in charge of the general secretary and an assistant will be maintained for the purpose of keeping in constant touch with legislative matters and gathering such information about legislation and legislative matters as the interest of good government demand.

The work will consist of obtaining and distributing accurate information about important bills and positions taken in regard to these by members of the general assembly.

A determined effort will be made to keep in touch with all legislative matters solely from the standpoint of the general public.

Relatives of G. H. T. Shaw, who is in Mexico City with his family, received the following telegram yesterday which relieves any anxiety concerning their safety in the country now disturbed by a revolution: "Arrived safely. Sarah and children gone to Toluca. All quiet here. G. H. T. Shaw."

TO DEFINE AUTO RIGHTS ON HIGHWAY

OWNERS SEEK TO OBTAIN LEGISLATION AT NEXT SESSION.

Champaign, Nov. 23.—Automobile organizations in this part of the state have begun a movement for securing legislation at the next session of the legislature affecting their rights on the public highway. A bill has been drawn and will be ready for early introduction.

What they hope to secure is a statutory definition of the rights of both parties concerned when a motor vehicle comes up behind a horse drawn vehicle and desires to pass.

There being no statute in Illinois governing this situation, the driver of the horse drawn vehicle is likely to refuse to yield half the road. Out of this grows more bitterness than out of any other thing connected with the use of autos on highways, it is said.

COUNT TOLSTOI.

The tragic retirement of Count Tolstoi has been described as the withdrawal of the wounded bird to die alone. It was characteristic of the man whose life is one of the most remarkable in history.

Whether Tolstoi was possessed of a really great mind depends on the viewpoint from which his work is considered. That he was great in many ways, there can be no doubt. His violations of the conventions may be regarded either as affectations or as heroic efforts to advertise the sins of society. He has been referred to both as an embodiment of science for his race, and as an hypocritical old fraud.

Whatever else Tolstoi was he was not a coward. He was a revolutionist in a nation where it requires courage to resist the established order. And his influence was so great that the autocracy of Russia dared not touch him.

If accounts of Tolstoi's last days be true, his religion was a queer combination of beliefs, though in this belief he was like many another genius. Students usually go awry in religious matters and embrace at different periods various contradictory theories.

The unorthodox as to the divine birth of Jesus, Tolstoi took the Sermon on the Mount as his guide and followed it with childlike implicitness that was worthy of a christian of the time of Augustine or Chrysostom or an early Quaker. Resist not evil, to Tolstoi meant non-resistance. He took the Golden Rule to mean that no christian, no good man can possibly be willing to remain rich while other men are poor. He believed in the purifying and justifying power of manual labor. He believed the peasants to be better than he or any member of the privileged class could be, and he lived their life with them, not to do them good, but to learn of them and be helped by them.

He has been a great influence for good and also for discontent. He leaves among his unorganized and unorganizable followers an army of teachers.

PLAN BIG POULTRY SHOW BY WISCONSIN ASSOCIATION.

The annual show of the Wisconsin Poultry association will be held January 2-6, 1911, in the live stock pavilion of the College of Agriculture of the University of Wisconsin at Madison. The interest among poultrymen promises, according to the authorities, to make this one of the largest shows in the middle west.

Prof. J. B. Halpin, head of the poultry department in the college of agriculture, who is secretary of the Wisconsin association says, "The coming show will be strong in the utility classes, Plymouth Rocks, Wyandottes, Rhode Island Reds, Orpingtons, etc. It is to be hoped that a large number of farmers will attend this show as it will offer exceptional educational opportunities. Provision is also being made for the sale of good breeding stock suited to farm use."

Awful to Look At.

CARCUNCLES, ECZEMA, BOILS, ULCERS, CANCEROUS LUMPS, AND EVERY UNSIGHTLY, PAINFUL AND DISTRESSING ERUPTION OF THE SKIN CURED QUICK.

Astonishing New Discovery That Heals Every Conceivable Sore Spot From Head to Toe.

No More Hiding—Cuticlay Will Clear Your Skin.

A well known general commission merchant of Chicago, Mr. C. Quinlan, says Cuticlay proved an astonishing marvel. He was laid up with a bad skin bruise that became a sore. Several specialists gave him no relief and yet in five days Cuticlay cured him. It is wonderful. Here is a strange product of nature, nothing added, nothing taken from it, mined from the earth, doing marvelous things that baffle trained and experienced specialists. W. L. Stansbury, high up in railroad circles at El Paso, Tex., cured his little daughter, whose face was just completely covered with tetter, in just two nights' treatment. He cured a bad cut on his face in three days and was greatly astonished to learn that Cuticlay cured one of his neighbors of cancer. He says Cuticlay is certainly a wonder.

The letters that people write in about the extraordinary cures by Cuticlay are simply astonishing. Nothing sticky or greasy, no odor, apparently nothing but so much powdered gray clay and yet it instantly takes hold, just simply annihilates every pestiferous germ or parasite in the skin or scalp, doesn't burn or give any sensation and yet does things which thousands of years have been a stumbling block to the most learned dermatologists.

You can get a large can of Cuticlay at any drug store for 50 cents, or will be mailed upon receipt of price. If you wish to first demonstrate what the wonderful Cuticlay will do for you, upon the receipt of six cents in stamps to pay cost of packing, etc., we will mail you a large trial package. The Cuticlay Co., Chicago, Ill.

It is sold and highly recommended in Dixon by Campbell & Son.

TWO STATES—TWO FLAGS

They lay side by side at the south west corner of the continent, their feet dangling in the Pacific ocean—Southern California, under the American flag, and lower California, under the colors of Mexico.

In physical area they are much the same, while the best authorities declare that the Mexican state is fully equal to its American neighbor in climate, soil, mineral wealth and water supply.

Here the likeness ends. Southern California is one of the most famous parts of the United States. Lower California is an almost unknown part of Mexico. Southern California goes forward by leaps and bounds, a single one of its cities having gained over 20,000 population in the last ten years. Lower California is utterly stagnant, with a total population of less than 10,000.

And yet these lands lie side by side with only an imaginary boundary between them. The difference is in the two peoples.

If the Mexican state should awake some morning and find the stars and stripes floating over it, it would instantly be transformed into a seat of enterprise and industry. It would make more history in twenty-five years than it has made in the last 300.

It is interesting to consider this contrast at a time when there is some slight friction between the United States and Mexico, though the facts may have no direct bearing on the matter at issue.

Dramatic Notes

FAMILY THEATRE

Patrons of the Family theatre will see the performance for the last time tonight which has been on this week, for tomorrow there will be a complete change of program. A matinee performance will be given at 3 p. m. tomorrow and the usual evening performances for the remainder of the week. There will be three big acts in the new bill. Allie Leslie Hasson, comedienne and child impersonator, is an adept in her art. There will be a big novelty act for the second followed by Miss Ray Crocker and her Four Pickaninnies with comedy singing and dancing. Two reels of good pictures will also be shown.

By tomorrow evening there will be 100 seats in place in the gallery, which will be opened to the public.

GRAND OPERA HOUSE—CHICAGO

"The City," a play which has been the dramatic sensation of the past season, is finishing the third week of its engagement at the Grand opera house, Chicago, where it has been repeating its last years' success in New York. This work by Clyde Fitch, which proved to be the keystone of his career and which was produced after his death, is vital as to theme and startling as to plot and acting. It describes the city—any metropolis, as the test of character, revealing the weaknesses and bringing out the strength of character in everyone who passes within its portals. The group of characters in "The City" have all come to New York from a small town and most of them are brought near to ruin, but are saved in the end with the exception of one unhappy girl, who is murdered by her husband in a fit of hysteria upon the discovery that she is really his half sister.

With Edward Emery, Eva Vincent, Mary Nash, Lucile Watson, George Howells and Wilson Melrose the cast is of sterling quality. Mr. Melrose's substitution for Walter Hampden is the only change from the New York company.

STUDEBAKER—CHICAGO.

"The Girl in the Train," the new musical comedy in which Frank Daniels is appearing at the Studebaker theatre, Chicago, has been generally praised as one of the most tuneful and amusing plays presented in the western metropolis in many days. The Girl in the Train is one long succession of rollicking waltzes, rippling solos and smashing big ensembles. It is a tuneful topic, a feast of colors, a breeze from laughland. And it serves to bring Frank Daniels back into his own, for he has never appeared in a better role and his company is perfection.

Mr. Daniels appears as the judge, with a laugh almost every time he utters a sentence. He is inimitable as the impressionable judge presiding at a trial for divorce. Next to the funny little comedian the successes of the play are Sallie Fisher and Vera Michelena. Miss Fisher appears as the wife suing for divorce and she has several pleasing solos. Miss Michelena has the part of the actress, who is the cause of all the trouble in the play. She is chic and engaging and sings unusually well. Some of the other members of the company that scored are Phyllis Bran-

son, Gilbert Clayton, Martin Hayden, James Kearney, Edna Hunter and Almyra Sessions.

Mr. Daniels has scored such an unqualified hit in Chicago that he will continue indefinitely in The Girl in the Train, at the Studebaker theatre. Hereafter he will appear on Sunday nights, but there is to be a matinee on Saturdays only.

LASALLE OPERA HOUSE—CHICAGO.

"The Sweetest Girl in Paris" playing a record breaking musical engagement at the LaSalle opera house of Chicago, has just weathered the "hoodoo" week, the 13th, with increased patronage. It now promises to run through the full season, and doubtless will not go on tour until early summer or next fall.

This comedy with songs is bright and vivacious throughout. It also possesses a strong element of direct drama, contributed by Alexander Carr as a broken-down grand opera tenor, Miss Trixie Friganza, leading comedienne, evokes constant laughter with her amusing songs and quips Frederick V. Bowers, the balladist, is the juvenile comedian and sings several brisk songs with engaging spirit. Cathryn Rowe Palmer with her song, I Want A Man and her characterization of an eccentric servant girl, has scored a tremendous low comedy hit. Miss Zoe Barnett, the soubrette, and Miss Dorothy Brenner, the prima donna are two extremely clever and fascinating young women.

POSTGRADUATE SUPERVISION

A plan which looks big with promise is just being undertaken by the faculty of the Western Illinois Normal school. In brief, it is to follow its graduates by correspondence and personal visits through the first two years of teaching, giving council and suggestions and making note of the strength and weakness of their preparation as shown in their teaching work.

Upon those who achieve special distinction in their work is conferred a second diploma. The ceremony used in conferring these post graduate diplomas is most impressive and inspiring.

PRESIDENT BACK FROM CANAL VISIT

Mr. Taft Guest of City of Richmond, Va., Enroute Home.

QUE IN WASHINGTON TONIGHT

Visits Old Protestant Episcopal Church at Williamsburg, Where He Spoke and Complimented Virginia Pioneers on Their Work.

Richmond, Va., Nov. 23.—President Taft and members of the party who accompanied him to Panama were guests of the city of Richmond last night. The president came ashore at Hampton Roads from the armored cruiser Tennessee. When he did land from one of the launches of the Tennessee, he was accompanied by Rear Admiral Staunton and Capt. Knapp and Quincy, commanding the Tennessee and Montana respectively, and Admiral Staunton's flag lieutenant, Commander Sweet. Automobiles were waiting to convey the party from the dock at Fort Monroe to a special train at the Chesapeake and Ohio station. A regiment of coast artillery at Fort Monroe acted as escort.

A committee of Richmond's prominent citizens were in waiting for the president at the Old Point wharf. The special train from Old Point to Richmond was made up of a baggage car, a chair car, private car for the president's party, with the private car of President Stevens of the C. & O. bringing up the rear.

The only stop between Old Point and Richmond was at Williamsburg. At the invitation of Mr. Stevens, President Taft stopped off to visit the old Protestant Episcopal church. At the seat of William and Mary college students gave the college yell as the president arrived. Speaking from the pulpit of the early settlements in Virginia and the beginnings of popular government, the president complimented the pioneers of Virginia for their important part in the work.

When the president's train arrived in Richmond touring cars in waiting carried the president and party to the Westmoreland club, where he dined with twenty-five prominent Richmond citizens. He later attended a reception in his honor at the Commonwealth club.

He ate breakfast with Gov. Mann, visited historic battlefields, attended a luncheon in his honor at Hotel Jefferson, spoke to the Virginia Educational association and left for Washington on a special train.

There will be a good program of music and dancing and the men who get on the scene early might take home a turkey, goose or duck. There will be plenty of fowls on hand and it is hoped they will be disposed of this evening.

Being Thanksgiving eve, it is almost a settled fact that the attendance will be good.

IS CAMPAIGNING

FOR SPEAKERSHIP

Hon. Edward King of Galesburg, member of the legislature, was here today in conference with Major A. T. Tourtellott. Mr. King is one of the administration republicans who is a candidate for speaker of the house at the coming session in January. He was first elected to the house in 1906. He is a lawyer.

Two years ago Mr. King was the republican caucus nominee for speaker of the house, but was defeated by Shurtleff and his democratic friends. Mr. King believes the republicans will be able to get together in caucus this year and that the organization candidates will be successful.

This is Mr. King's first visit to this city and he declares himself very much impressed with the city and its beautiful location.

Friday and Saturday.

He was finishing the unloading of a car load of lumber by lamp light and while storing the same away in his sheds mis-stepped and fell about ten feet striking his back against the side of a pile of lumber wrenching it very badly and causing him much pain. He received no other scratches or bruises which was very lucky but the injury to his back was more than a plenty to atone for his escaping other injuries.

Mrs. John C. Henkel was visiting friends and relatives in town Thursday.

Now if you attend the big Thanks giving ball you will have a good enjoyable time and will never regret it. Make up your mind to attend at once.

On Friday afternoon occurred the death of Philip Fassig Sr., a long respected resident of West Brooklyn, at his home on South Second street. Mr. Fassig had been ill for the past two months but it has been only for the past week that his condition became such that to all those around him it was evident that he could live but a short while longer. Each day he gradually grew weaker until death came early in the afternoon of Friday, Nov. 18th. The funeral will be held at 2 o'clock on Sunday afternoon with Undertaker P. J. Bernardin, conductor. We are unable to obtain the essentials for an obituary this issue but this will appear in the next number of this paper.

A WHOLE SERMON

In the year the pilgrims landed, 1620, John Robinson made a speech to them in which he evidently foresaw the growth of a great nation. One of the things he said was:

"Join your affections, truly beat upon the common good, avoiding, as a deadly plague of your both common and special comforts, all restlessness of mind for personal advantage. Let every man repress in himself and the whole body in each person, as so many rebels against the common good, all private respect of men's selves, not sorting with the general convenience."

There is in this one paragraph a whole sermon on civic duty and responsibility. In reflecting on the greatness of the nation and things which have made it great, remember that such sentiments as are expressed in this homely language are among the boons for which we are thankful.

30 YEARS OF SUCCESS

The B. M. Hyde Co. Offer a Remedy For Catarrh. The Medicine Costs Nothing If It Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Muc-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of thirty years of enviable success to his record.

We receive more good reports about Rexall Muc-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Muc-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Muc-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the membrane tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the mucous cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Muc-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us and we will quickly return your money without question or quibble. We have Rexall Muc-Tone in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall remedies in Dixon only at our store, The Rexall Store. C. M. Campbell & Son.

MEXICAN TOWNS TAKEN BY REBELS

Train Bearing 300 Soldiers Reported Blown Up.

EL PASO IS CITY OF REFUGE

Americans Are Alleged to Have Been Killed in Fights—Federal Wires Cut—List of Dead in Battles Is Very Large.

El Paso, Tex., Nov. 23.—El Paso is filling up with refugees from Mexico, mostly American men, women and children, but some natives. Trains are full of them, fresh from the scenes of fighting at Loreon, Madero, Gomez Palacio, Parral and other points in northern Mexico. Many Americans are leaving their business.

One American doctor brought his family out from Parral, leaving behind a drugstore with \$10,000 worth of merchandise in it. He left after two Spaniards, storekeepers, had been killed for refusing to give rifles to the attackers, and the chief of police and mayor had been assassinated. There was fighting in the streets as he left.

Reports in some instances state that Americans have been killed in the fighting, but arrivals do not know this positively. That the death list has been heavy in Gomez Palacio, Madera and Torreón, among the natives, however, is universally declared.

A. G. Springer, a New York jeweler, declares he counted fifty dead in the streets of Gomez Palacio, and that he saw three battles in one day, first when the rebels captured the municipal palace, then when they were driven out by rurales, and again when they retook it. He says the rebels, gathering recruits at every step, were marching on to Torreón when he left.

Telegrams state that the attack took place and that the town fell into the hands of the rebels after an artillery bombardment, but that troops have been dispatched from Guadalajara to attempt to retake the town.

Frank Gilmore, a mining man, who arrived here, said Chihuahua had received the news that a train bearing 300 soldiers has been blown up near Madera, headquarters of the Peterson lumber interests.

Madera is in the hands of the rebels. All hands agree to this. Telegrams stated that fighting was taking place in Chihuahua, the capital of the state. An American who arrived from Parral declared that people arriving there from Inde Dorango, stated that the entire town has been ransacked by revolutionists and that American and Mexican property alike has been destroyed. All Mexican officials were killed.

A report came through from Torreón that the smelter of the American Smelting and Refining company at Velardena has been attacked and that several Americans have been injured. Officials of the smelter here were unable to get any information from there.

When Gomez Palacio was attacked and taken by the rebel troops, the prisoners in the jails were released and armed, as at Orizaba, in Vera Cruz. This is one of the plans of the revolutionists to release all prisoners from the jails.

GUNS LANDED BY SAILBOATS

Plot Exposed by Sailor and Government Boat Is Looking for Vessel.

Galveston, Tex., Nov. 23.—Over 6,000 guns of different patterns, and about 350,000 rounds of ammunition have been landed by small sailboats on the Mexican shore at a point not far from Sotola Maina. Three schooners were engaged transporting the munitions, which were loaded at some point on the Texas coast near the mouth of the Rio Grande river.

The plot was exposed by a disgruntled sailor, and a boat chartered by the government started in pursuit of another schooner said to have put out from the Texas coast rather mysteriously. Three American secret service men and five Mexican agents were assigned to run down the schooner, if possible, and seize crew and cargo.

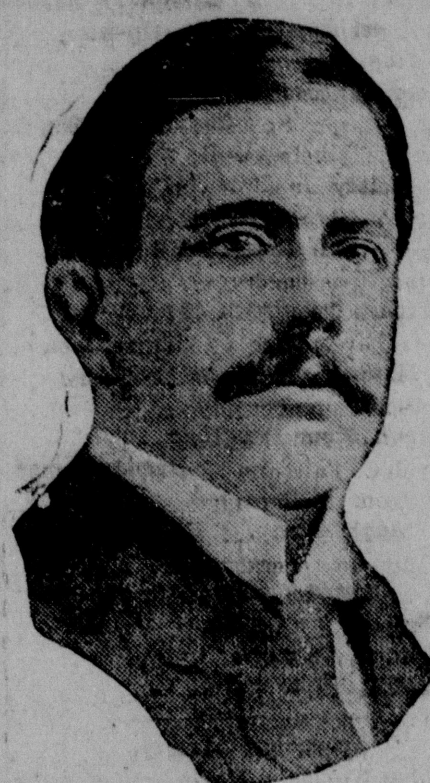

DIAZ ISSUES DRASTIC ORDER

Thousands of Citizens Put in Jail on Suspicion of Favoring Outbreak.

Matamoros, Mex., Nov. 23.—President Diaz will do no more temporizing with political malcontents captured in this country. Just before the federal telegraph wires leading to various parts of the country were cut by bands of revolutionists, the order was carried over them to the commander of every military zone in this country and to all local peace authorities to arrest and imprison every man who is under suspicion of being a participant in the seditious movement against the government. As a result of this order thousands of citizens, including many who belong to the business class, have been taken into custody and placed in the jails during the last twenty-four hours. The order was issued by President Diaz that wherever a group of persons are found congregated upon a street or in a building without a permit from the proper authorities it is the duty of police or federal troops to fire upon them if they

HENRY M. HOYT

Whose Remains Now Rest
Alongside of His Father's.

do not immediately disperse when called upon to do so.

The army as a whole is standing loyally by the government. The few desertions and revolts of small and isolated garrisons are looked upon as portending no general dissatisfaction on the part of the military.

Wide circulation is being given among the army to a report that Madero has flooded a loan of \$20,000,000 in the United States with which to carry on his campaign. It is also currently reported by the revolutionists that Gen. Bernardo Reyes is on his way to Mexico from Europe.

TROOPS PATROL RIO GRANDE

Gomez Palacio and Other Towns Reported Captured by Rebels.

Laredo, Tex., Nov. 23.—Troops from Fort Sam Houston have arrived on the border and are patrolling the river. It is believed they will prevent disturbances on this side of the Mexican line. Four companies of United States troops, about 320 men, stationed at Fort McIntosh, are here and a company of state rangers was sent here by the governor.

The wires are strictly censored on the Mexican side, but Mexican officials admit the capture by the rebels of Gomez Palacio, in the state of Coahuila, and several small towns in the state of Chihuahua. The presence of Madero in Laredo is believed by many.

HIGH SOCIETY WEDDING

Hon. Cecil Fisher and Miss Jane Morgan Are Married.

Couple Leave for England Soon to Take Up Residence at Kilverstone Hall, Norfolk County.

Philadelphia, Nov. 23.—Miss Jane Morgan, daughter of Randal Morgan, of the United Gas Improvement company, was married to the Hon. Cecil Fisher, son of Lord Fisher, who until a short time ago was first lord of the British admiralty. Philadelphia society attended the wedding in large numbers and besides the bridegroom's father, two other distinguished English guests were Vice Admiral Sir Frederick Fisher, uncle of the bridegroom, who acted as best man, and the bridegroom's sister, the Hon. Mrs. Beatrice Neeld.

The admiral and his party will sail for England next Saturday. A few intimate friends and relatives of the families attended the wedding reception and afterward the bride and bridegroom left on their wedding tour. They will live at Kilverstone hall, the Fisher country seat, in Norfolk county, England.

OPEN STATE HEADQUARTERS

Indiana Republicans Will Keep Rooms Open Until 1912 Campaign.

Indianapolis, Nov. 23.—Edwin M. Lee, Republican state chairman, has announced that the Republican state headquarters at the Claypool hotel will be maintained and kept open from now until the next campaign in 1912.

Room 322 has been selected as the place for the headquarters. Mr. Lee said he and John F. Hayes, secretary of the state committee, would be at headquarters all the time, and that a press bureau will be maintained.

TRAIN CROWD SEES LYNCHING

Florida Mob Puts Accused Negro to Death Near Railroad Track.

Pensacola, Fla., Nov. 23.—In the presence of the horrified passengers and crew of the train Bob Matthews, a negro, charged with assaulting Mrs. E. Snowden near Pensacola several months ago, was taken from a train at Gulf Point by forty masked men and lynched by the side of the railroad track.

THEY NEVER FAIL

THAT IS WHAT THEY SAY ABOUT THEM IN DIXON AND IT IS HEREFOR, RELIABLE

Another proof, more evidence, Dixon testimony to swell the long list of local people who endorse the old Quaker remedy, Doan's Kidney Pills. Read this convincing endorsement of that remarkable preparation:

Mrs. A. Wahlgren, 1222 W. Sixth St., Dixon, Ill., says: "I have no hesitation in saying that Doan's Kidney Pills are the most reliable kidney medicine to be had. I know whereof I speak when I endorse them. Kidney complaint caused me much suffering several years ago and nothing brought relief until I procured Doan's Kidney Pills at the Leake Bros. Co.'s drug store. The contents of three or four boxes of this remedy entirely removed the pain in my back and corrected the trouble with my kidneys. My strength and energy was restored and the uric poison in my system was removed. I am very grateful for what Doan's Kidney Pills have done for me." (Statement given April 30, 1907.)

Re-Endorsement.

Mrs. Wahlgren was interviewed in January, 1910 and she said: "You are at liberty to continue the publication of my endorsement of Doan's Kidney Pills. My kidneys are now in good condition and I have but little trouble from my back. During the past two years I have used Doan's Kidney Pills occasionally and they have always been of benefit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's — and take no other.

A WONDERFUL STOVE

That Holds Fire Twenty-Four Hours and Burns Soft Coal Without Smoke

We have placed in stock a nice assortment of the famous **Jewel Hot Blast Heaters**. These are the Heaters you read about which burn soft coal or slack with same convenience and results as hard coal. They are built so that warm air is fed to the top of the burning fuel thus supplying the necessary oxygen to burn the heavy smoke and gas liberated from soft coal.

JEWEL HOT BLAST HEATERS

Are the most improved and most successful Stoves of their kind. Others have feebly tried to imitate their special and exclusive features, but without the same success. Buy a genuine Jewel and you will not be disappointed.

NOTE THESE FEATURES

JEWEL Hot Blast Heaters have an Ashpit and ashpan for removing the ashes. Many Hot Blast Stove makers make their Stoves without this convenient feature. If you realize the trouble and muss that removing ashes from an ashpitless stove means, you will never make the mistake of buying that kind.

All **JEWEL Hot Blast Heaters** are air-tight. The ashpit is fitted with an emergency ground door and the base of the Stove is connected to the steel drum with an improved air-tight joint.

WE SELL THEM at Low Prices. Notwithstanding the fact that a **JEWEL Hot Blast Heater** will reduce your fuel bills one-third, they are sold at prices within the reach of all. If you want a powerful heater that burns soft coal without smoke and one that will give entire satisfaction call and see the **Jewel Hot Blasts** we have on display.
